Dear Hiring Manager,

Application for the Position of IT Support Officer,

I am writing to apply for the position of **IT Support Officer** as advertised by your organization. I recently graduated with a **Bachelor of Science in Information Technology** from the **University of Gondar** with a **CGPA of 3.59/4.00**, and I am eager to begin my professional career in the IT industry.

As shown in my enclosed CV, I have developed a solid foundation in **Programming, Software Development, Databases Administration, Computer Networking, Project Management , System Administration , and Computer maintenance and Technical Support** through my academic studies. During my final-year project, I participated in the analysis, design, development, testing, and documentation of a **Telemedicine Mobile Application**, which strengthened my technical and problem-solving skills.

I am particularly interested in joining your organization because it offers an excellent environment for learning, professional growth, and practical experience. I am a quick learner with strong communication, teamwork, and analytical skills, and I am confident that I can make a positive contribution to your organization while continuing to develop my technical expertise.

I am available for an interview at your convenience and would welcome the opportunity to discuss how my qualifications and enthusiasm can contribute to your team.

Thank you for considering my application. I look forward to hearing from you.

Yours faithfully,

Abraham Ashagre
